Making a statement... from our Senior Class President

Dear Class of 2023,

It seems like just yesterday we were walking into DR, joined with green and gold, with no idea what our next four years would be like. Our freshmen year was cut short by a pandemic that changed our lives, and we waited patiently until junior year for our high school experience to blossom. The challenges we faced through our first three years at DR have taught us to persevere through challenging times and to appreciate how our last year at DR turned out.

As the class of 2023, we showed strength and resolve as we continued to grow together. Our class as a whole has continuously proven to our teachers, friends, and families that we are stronger jointly as one. We have had our ups and downs, with a pandemic, virtual learning, and many other factors; but I believe that all of our struggles have been for the better of our future and have helped us to become family.

As we move on from the place we've called home for the past four years, we can appreciate that we all took this road together, some of us since kindergarten and others joined our family later, but our road together will forever be joined as a falcon. Each of us has a bright future ahead and I am proud to say the challenges we faced have not hindered our passion for success. We have all in some way benefited from each other and our experience.

I am proud to have served as your Class President and I cannot wait to see where each of your paths lead. Wishing the Class of 2023 all of the best!

Sincerely,
Angelina Cabral
Senior Class President

Our School Administration

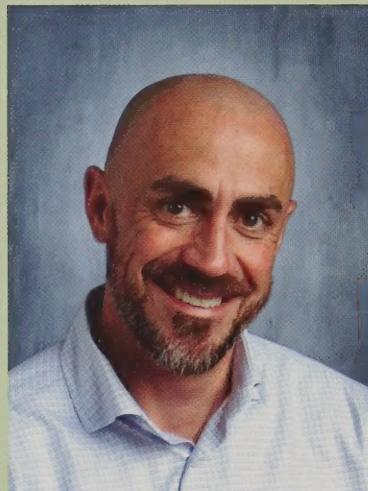

Superintendent, Mr. Bill Runey

To the Class of 2023,

It has been a privilege to serve as your Superintendent. As a former High School Principal, I take great pride in watching students grow and excel. To see you progress during your senior year has brought me immense joy.

Despite this being my first year, I feel like a part of the DR family, and I genuinely believe that #WeAreDR. As you move on to pursue your next challenge, I am confident that you have acquired the necessary knowledge and skills to thrive wherever your journey may take you. As you embark on this new chapter in your life, remember to always do your best and strive to be the best version of yourself. I have no doubt that you will go on to achieve great things and make us proud.

Congratulations, Class of 2023!

Assistant Superintendent, Dr. Fredrick Souza

Dear Class of 2023,

As you embark on the next chapter of your lives, whether it be pursuing higher education, starting a career, or serving in the military, I extend my heartfelt wishes for your success.

Although this is my first year at Dighton-Rehoboth, I have observed the foundation of excellence and resilience that you have built during your time here, which will undoubtedly propel you forward in your journey.

As you move forward, I have one small request; no matter where your journey takes you, strive to achieve great things and be a positive influence on the world around you. Please always remember to act with class, integrity, kindness, and passion, and stay true to yourself. Remember, you are not only representing yourself, but also the Dighton-Rehoboth community.

#WeAreDR and #YouAreDR, and we believe in your potential to achieve great things!

Dean of Students, Mr. Doug Kelley

Congratulations Class of 2023!!

Looking back over the past four years and as you prepare to move on to college, the military, or heading into the work force Dighton-Rehoboth Regional High School has set you up for success! Whatever uniform you wore, instrument you played, art you created, play you acted in, or engine you repaired , all meant something. It all counted and you left your mark on our school and community. DR will always be a place you call home.

You have engaged in a strong academic environment that challenged you and hopefully pushed you everyday! You have made great friends that will last a lifetime.

Always remember your school core value as you enter this next phase of your life. RESPECT, RESPONSIBILITY, INDEPENDENCE, INTEGRITY, and EXCELLENCE! I wish you all the best as you move on! Be the Difference! ...We are DR!

Principal, Mrs. Gail DeCecco

Dear Class of 2023,

As your high school principal, I want to extend my heartfelt congratulations to each and every one of you on this momentous occasion. While every generation faces unique challenges, your high school journey has been unlike any other in memory. Just as you were finding your place as freshmen, school closed, and you were cast out and into a virtual world. Not everyone was able to adapt; not everyone was able to persevere; you did both. Incredibly, you have not only reached graduation day, you have done so with impressive achievements to your credit.

Over the past four years, you have worked hard, persevered through challenges, and grown in so many ways. Whether it was achieving academic excellence, excelling in athletics, or contributing to the arts, you have demonstrated a commitment to excellence that is truly inspiring. You have made yourself, your family, and your community proud. I am honored to have been a part of your journey.

As you embark on the next chapter of your lives, I want you to feel confident that the skills and values you have developed during your time in high school will serve you well. You have learned the importance of hard work, collaboration, and creativity, and these skills will undoubtedly help you succeed in whatever path you choose to pursue. Most importantly, you have learned the necessity of community. Simply put, humans become their best and perform their best when in service to one another. Wherever life takes you, you will have the opportunity to serve others, and seizing these opportunities to serve will enrich your life beyond measure.

Finally, as you take the next step on your personal path, I encourage you to stay true to yourselves, to pursue your passions, and to continue to strive for excellence. Your high school years may be coming to an end, but your journey of growth and learning is just beginning. Embrace your gifts and the opportunities they will bring for you to find your place in the world.

On behalf of the faculty and staff of our school, I want to express our deep pride in your accomplishments and our confidence in your future success. Congratulations, Class of 2023!

With love,
Mrs. DeCecco

STORY OF THE YEAR

WAR IN UKRAINE

More than seven months after Russia invaded Ukraine, just days after Russia annexed parts of eastern and southern Ukraine, a blast attributed to Ukraine destroyed sections of a bridge connecting Russia to Crimea. In retaliation, Moscow missiles assaulted civilians in the heart of Kyiv and almost a dozen other cities, as the war in Ukraine raged on.

The war created shock waves that impacted the U.S. economy with fuel and grain shortages, increasing inflation and decreasing economic growth. U.S. tensions with Russia mounted as the U.S. imposed sanctions on Russia and the Chinese-Russian alliance solidified.

HEADLINES

POLICING POLIO

After polio paralyzed an unvaccinated New York man and the polio virus was discovered in wastewater in three counties, Kathy Hochul, New York governor, declared a state of emergency on September 9, 2022, to urge vaccinations. Once thought to be eliminated from the United States, the virus can cause paralysis and even death. The threat of polio followed a recent outbreak of the mpox virus.

FRIEND OF THE ENVIRONMENT

Patagonia, the outdoor gear company, captured attention in September 2022 when the company's founder and owner Yvon Chouinard transferred ownership of his family business to a trust and nonprofit dedicated to saving the planet. Chouinard's move will likely bring \$100 million a year to combating climate change and preserving the planet.

QUEEN ELIZABETH II

After reigning 70 years as England's longest-serving monarch, Queen Elizabeth II died, leaving her son Prince Charles, age 73, to be king. Elizabeth became queen at age 25 and was crowned at age 27 in 1952. Her reign encompassed the leadership of 15 British prime ministers and decades of change, including England's transition from empire to commonwealth, the Cold War, and Britain joining – then exiting – the European Union.

IRVING THE COURT

June 29, 2022, Judge Ketanji Brown Jackson, age 51, was born in as the first African American woman appointed to Supreme Court in the 232 years since it was established. Serving as the 116th justice on the court, the Harvard College & Harvard Law School graduate was recognized for her knowledge of criminal law.

RELAXED REGULATIONS

In August 2022, after more than one million COVID-19 related deaths and two years of COVID-19 guidelines set by the Centers for Disease Control and Prevention, many schools and businesses ended contact tracing and stopped requiring unvaccinated people exposed to the virus to quarantine.

KEN BY STORM

Hurricane Ian buffeted Fort Myers, Florida on September 28, 2022, with torrential 150-mph winds and rain that destroyed homes and businesses across the state. The rare Category 4 hurricane and its storm surge took more than 100 lives, resulting in an estimated \$57 billion in losses.

GEN Z VOTES

Gen Z showed up in the second-highest youth turnout rate for a midterm election in the last 30 years. Exit polls revealed that 27% of Americans ages 18–29 cast a ballot. Two-thirds of young voters voted for Democrats for the House of Representatives, compared to the majority of 45- to 65-year-olds, who voted Republican. 2022 was the first time Gen Z could run for Congress and Maxwell Frost, 25, was the first Gen Zer elected as House Representative.

HEADLINES

QUIET QUITTING

More than two years after COVID-19 brought the world workforce to a halt, a growing number of Americans bristled at spending time at unsatisfying jobs. Dubbed "The Great Resignation," workers quit jobs in unprecedented numbers, with 4.2 million quitting in July 2022 alone. Even professions like teaching saw increased departures. By September, a poll showed that 33% of workers were contemplating leaving their jobs, while 60% were rethinking their careers. Others, especially Gen Zers, joined the TikTok trend, #quietquitting, by refusing to go above and beyond or subscribe to a hustle culture.

WALK IT OUT

Through a study of more than 6,000 adults, Vanderbilt University discovered that walking at least 8,200 steps a day lowered obesity, depression and sleep apnea. Walking also lowered the risk of developing type 2 diabetes, high blood pressure, dementia and death from cancer and heart disease. A speed of just under three miles per hour increased these benefits, and 11,000 steps a day was linked to reducing obesity.

THE SHOE DROPS

Adidas dissolved its partnership with Kanye West and his sneaker brand, Yeezys, after the superstar, who changed his name to Ye, made repeated anti-Semitic and anti-Black statements publicly in October 2022. Yeezys, which cost between \$160 and \$300, were renowned for breaking into the Nike Air Jordan-dominated footwear sector, driving it to become a multi-billion dollar industry.

A NEW KIND OF PROTEST

Edvard Munch's famous painting *The Scream* found a new reason to scream in November 2022, when a group of Norwegian climate protesters attempted to glue themselves to the iconic work. The attack became the fifth in a series of filmed staged assaults on museum masterpieces, including throwing soup and mashed potatoes at works by Van Gogh and Picasso in museums in London, Germany, Italy and Australia.

Y ME TO THE MOON

SA's Artemis 1 Orion spacecraft returned Earth on December 11, 2022, having veled more than 1.4 million miles on bath around the moon. During the cord-breaking flight test on December 2022, Orion set a new record of 270,000 es for the farthest distance from Earth a acecraft designed to carry humans has ever traveled.

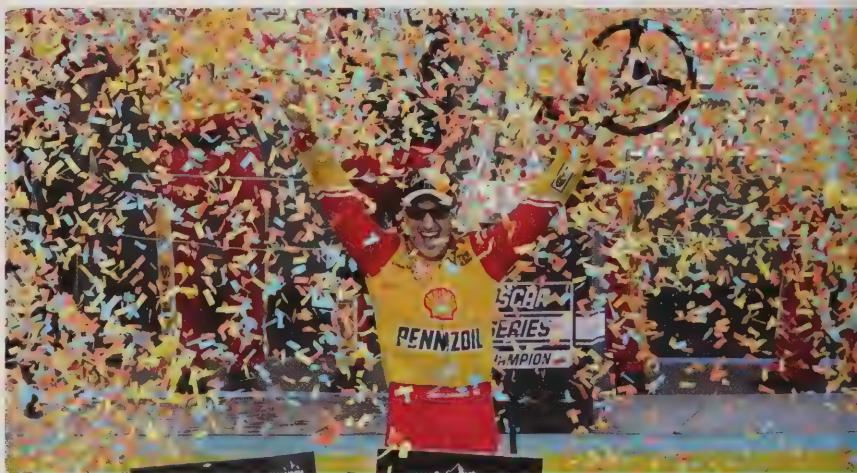

A FIRST FOR FEMALES

The United States Mint released its first five quarters to honor women as part of a four-year American Women Quarters series. The Secretary of the Treasury selected five trailblazers from recommendations submitted by the public through the National Women's History Museum. The first five selected were Maya Angelou, Dr. Sally Ride, Wilma Mankiller, Nina Otero-Warren and Anna Mae Wong. The program aimed to honor notable women from diverse backgrounds on the flip side of quarters and feature a likeness of George Washington different from his image used in previous quarter programs.

SPORTS

RETIRED NO. 6

On August 11, 2022, just ten days after Bill Russell's death, the National Basketball Association (NBA) announced the retirement of the No. 6 jersey across the league – just the third player behind Jackie Robinson (baseball) and Wayne Gretzky (hockey) to be honored league wide. Standing 6'10" tall, Bill Russell sported the No. 6 as he drove the Boston Celtics to NBA history starting in 1959, with an unprecedented nine NBA championships as a player and two as the first African American head coach in any major American sports league.

ACROSS THE GLOBE

The Women's National Basketball Association (WNBA) season wrapped up its championship finals with the Las Vegas Aces winning their first-ever title against the Connecticut Sun. Chelsea Gray was named MVP of the finals, with an average 18.3 points, shooting 58% from the field.

GO SPEED RACER

After a long, grueling season, Formula 1 racing has come to an end. The final race of the year took place in Abu Dhabi on November 27, 2022. Lewis Hamilton, the defending champion, won his eighth world drivers' championship, becoming the first person to win eight titles. Max Verstappen, the current champion, finished second. The race was held under a clear blue sky, with many spectators in attendance. The atmosphere was electric, with fans cheering and waving flags. The race itself was filled with drama, with several accidents and collisions. In the end, Hamilton emerged victorious, securing his eighth title. The race was a fitting conclusion to a great season, with many exciting moments and memories.

LIV DODD LIVE

The former concert promoter turned professional golfer has emerged as a golfing phenom. Dodd, 27, became the first female to win the LPGA's 2019 KPMG Women's PGA Championship, and she's won three more since then. "I'm so grateful to have been born in America," says Dodd, who was born in Mexico City. "I've had so many opportunities here that I don't think I would have had if I was born somewhere else."

LEGENDARY

22 saw the retirement of two legendary women's basketball players. Sylvia Fowles, 36, played for 15 seasons, won four Olympic gold medals and earned two Women's National Basketball Association (WNBA) titles with the Minnesota Lynx. Jewell Loyd, 41, played for 20 seasons in 500 career games with the Seattle Storm, won four championships in three different decades, appeared in a record 12 All-Star games and earned three Olympic gold medals.

JUDGE MAKES RECORD

New York Yankees outfielder Aaron Judge made history on October 4 with his 62nd home run of the season against the Texas Rangers. The new American League record, previously held by Roger Maris for 61 years, was only exceeded by Barry Bonds, Mark McGwire and Sammy Sosa.

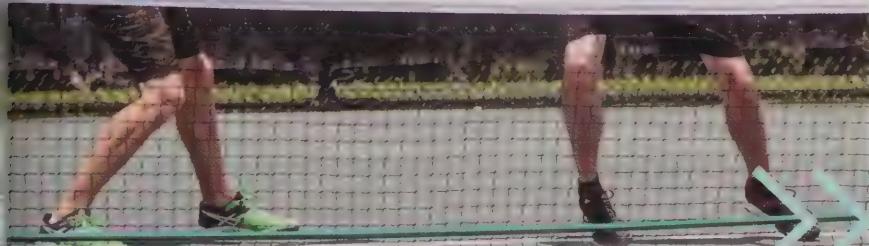

SPORTS

Serena Williams announced her retirement from tennis in a *Vogue* magazine cover story. Williams won 23 Grand Slam singles titles and was ranked the No. 1 player in the world for 319 weeks during her 23-year career. At 40, Williams turned her full attention to her family and other career ventures.

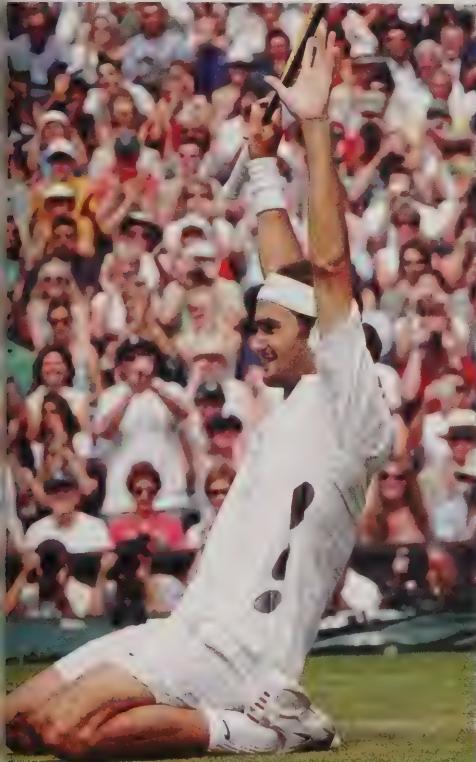

Buffalo Bills safety Damar Hamlin suffered a cardiac arrest following a routine tackle in a game against the Cincinnati Bengals. Hamlin's heartbeat was restored on the field before he was transferred to a hospital and discharged nine days later. This was the first game in NFL history to be suspended due to an injury.

PICKLEBALL VIBES

The fastest-growing leisure sport in America, pickleball proudly boasted 4.8 million players, called "picklers," who took to the courts in 2022 with plastic Wiffle-style balls and paddles to play singles or doubles. The sport found favor first among older Americans but recently skyrocketed in popularity among the under-24 crowd. Played standing or in a wheelchair, pickleball is highly accessible, with more than 38,000 venues and an app (Pickleball+) to locate indoor and outdoor courts.

SWING RINGS

The Houston Astros celebrated wildly when they beat the Philadelphia Phillies and clinched their second World Series title since 2017. The Phillies were up two games to one in the series, but the Astros surged ahead with three straight wins and took game six – and the title – with a four-to-one victory on their home field.

GOOOOOAAALLLSS!

The two top-seeded Major League Soccer (MLS) clubs went toe to toe in the MLS championship game on November 5, and two late goals scored in the final minutes of extra time resulted in a penalty-kick showdown. The Los Angeles Football club (LAFC) beat the Philadelphia Union after a 3-3 draw. Adding to the drama, goalkeeper John McCarthy, playing against his former team, shut out the Union in a 3-0 penalty kick shootout.

ENTERTAINMENT

FLUTE AND FLOURISH

In October 2022, hip hop artist and classically trained flutist Lizzo accepted a Library of Congress invitation to perform at her Washington, D.C. concert with a 200-year-old crystal flute. The rare instrument belonged to James Madison, the fourth President of the United States, had survived a devastating fire and had never been played.

FAN FLURRY

A September 2022 sneak peek of Disney's live-action adaptation of *The Little Mermaid*, originally a 1989 animated movie, brought a flurry of reactions about Halle Bailey starring as Ariel, the lead character. The trailer was viewed more than 100 million times in the first week, as Bailey, an African American actress and R&B singer, inspired the social media hashtag #representationmatters.

FIND YOUR VOICE

After 12 years and 22 seasons of *The Voice*, original judge Blake Shelton announced that season 23 would be his last. John Legend announced that he would be taking the season off to focus on family, his new album and touring. With Gwen Stefani and Camila Cabello stepping aside, Kelly Clarkson would be returning with new judges Niall Horan and Chance the Rapper, alongside Shelton for his final season in 2023.

BLACK PANTHER FOREVER

Letitia Wright filled big shoes as the new superhero to the sequel of the 2018 smash Marvel film starring Chadwick Boseman as T'Challa, the King of Wakanda. The *Black Panther: Wakanda Forever* storyline follows T'Challa's little sister, Shuri, played by Wright, as she matures into the hero doing battle with the ancient ruler and villain Namor, played by Tenoch Huerta. *Black Panther: Wakanda Forever* reeled in a record-breaking \$180 million on its opening weekend in November 2022.

POP? OKAY!

With the success of bands like BTS and TWICE, it was only a matter of time before K-Pop made Broadway. The South Korean cultural phenomenon hit stage in *K-POP*, a musical featuring a girl band, RMIS, and a boy band. The documentary-style story with flashbacks showed the sacrifices performers make to achieve stardom.

NOT-SO-SWIFT SALES

Taylor Swift's 10th album, *Midnights*, debuted to record-breaking sales. Swift continued to be the top American Music Awards winner, adding six awards to bring her total to 40, but it was "The Eras Tour" ticket sales that rocked headlines. In November 2022, Ticketmaster opened up sales with presale codes and a waitlist for Swifties not lucky enough to score a code, but the system crashed with 3.5 billion requests, and public ticket sales were canceled.

TECH & TRENDS

ENCHANTED BY ENCANTO

Disney released *Encanto* in 2021, but echoes of the movie featuring the Madrigals, a Colombian family, swelled in 2022. "We Don't Talk About Bruno" spent three months on Billboard's Hot 100 list and officially became the biggest Disney song of all time. The animated movie was celebrated for representing Latin family and community values authentically and positively.

TWEET DEAL

Elon Musk, chief executive officer of SpaceX and Tesla, became the new owner of Twitter in October, almost six months after he first offered \$44 billion to take control of the social media site. After firing Twitter's chief executive and chief financial officer and hundreds of employees, Musk made the company private and loosened the platform's content moderation in pursuit of publishing "widely diverse viewpoints."

IT'S A WRAP(AROUND)

Wraparound sunglasses, the formerly mocked eyewear, made a resurgence after Kim Kardashian posted photos of herself in the curved lenses on her Instagram. The Balenciaga Swift Oval shades that Kardashian wore to the Vanity Fair Oscars after-party cost \$490, but look-alikes were available online for less than \$13.

HARRY'S HOUSE

Harry's House was the title of Harry Styles' album, released May 2022, but it also became the nickname for Madison Square Garden after the singer performed 15 shows for "Love On Tour" residency in New York City. The tour went global as his single "As It Was" reached number one on Billboard charts. Fans of Styles, known as Stylers, paid between \$110 and \$384 for tickets to see the former One Direction singer perform live.

38 FOR LIFE

A blitz of posters, stickers and social media morphed into a lifeline for more than 152,000 callers in August 2022, just a few weeks after the number was activated. A emergency mental health support line, which offered support via text, averaged 45-second response times, almost two minutes faster than the previous number, 1-800-273-8255.

TIME TO BeREAL

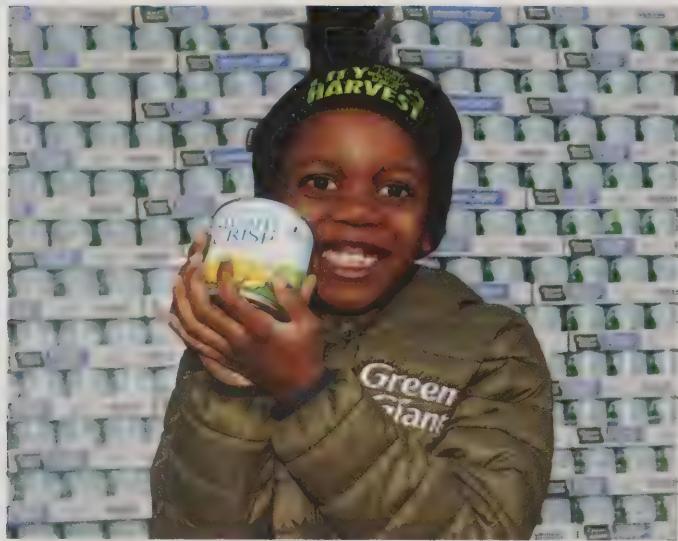

The trendiest app of the year set out to counter social media norms of edited, perfect posts and social comparisons. BeReal challenged users to snap a real-time photo (using front and back-facing cameras) and post it unedited when prompted by a random daily push notification. Users had two minutes to post whatever they were doing in real time. If they missed the time, their post was marked "late" to keep the post honest.

CRASH TEST

It was a real-life climactic scene straight out of an apocalyptic movie. On September 26, 2022, NASA purposely crashed a spacecraft into an asteroid to change its trajectory and test a defense against potential cosmic collisions with Earth. They planned to consult photos from the Hubble and Webb Telescopes to chart the trajectory over time.

TECH & TRENDS

CORTASTIC

A 7-year-old New York City child went viral on TikTok and Instagram in late August 2022 when asked his thoughts about corn. "It's corn!" Tariq exclaimed. "I can't imagine a more beautiful thing!" His wholesome words blossomed into the anthem of the summer when they were autotuned into a catchy song on YouTube. The fall saw Tariq partnering with Green Giant to donate 90,000 cans of vegetables, as well as appearing in a Chipotle ad.
